

One step up the ladder

Initials: _____

1

My brief

Stage 2 · one support moment you give

Support: _____

At the moment, I support by...

The student can already...

One step more independence would look like...

☐ Specific, workable, and free from blame or deficit labels

2

Options I chose

Stage 3 · choose one or two that answer your brief

- ☐ Five moves that belong to you
- ☐ Predictability
- ☐ Designed distance
- ☐ Visual supports and social stories
- ☐ Something else: _____

Why it fits: which step up the ladder does it help?

3

Universal first

Stage 4 · run these over your draft design

- ☐ Can students find and understand what they need?
- ☐ Can they take part in more than one way?
- ☐ Can they pause, ask for help or recover?
- ☐ Is the support available when demand increases?
- ☐ Is there more than one way to access, engage and respond?

What I adjusted:

4

My plan

Stage 5 · one step up the ladder

- ☐ 1 One way to fade support, starting next week

- ☐ 2 One communication tool to practise this term

- ☐ 3 One conversation to have with the teacher

- ☐ 4 What I will observe

- ☐ 5 When I will review it

- ☐ Checked with my trio: still student-centred and building independence
